# Before we head into Rogaland

Lets have a look at Norways 18 Scenic Routes

<https://www.nasjonaleturistveger.no/en/routes>

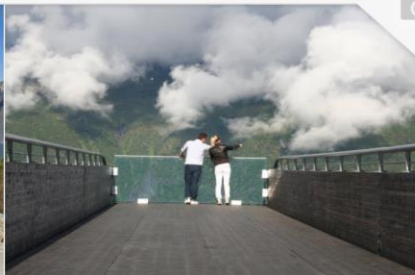

Attraction along Aurlandsfjellet

## Stegastein

The elegant viewing platform at Stegastein gives an illusion of hovering in space as it reaches 30 metres out over the pine trees, 650 metres above the Aurlandsfjord. With its glass front, it provides a unique view of the fjord landscape. Stegastein stays open year-round. The toilet facilities is unfortunately closed from end of October to the beginning of May.

Wheelchair accessible.

## Where to find walks

- Trails all over Norway from easy to more demanding. Locally or further afield, all options.
- All trails are marked with a coloured T or dot – look for the next mark on a signpost, stone or tree. Then you won't get lost!
- 550 cabins all over Norway, some with staff, but most without. Pay membership and have access to them all. Small fee to use.
